Please visit our website (www.jota.ca) for the latest details and updates to our Event.

JOTA – Additional Weekend Events:

During the weekend each group will be twinned with a group from another sub camp. Please try to meet and participate with your twin as much as possible. We suggest that you may want to bring some extra snacks to share as a way to meet the new group.

Each participating group will be visited by the med vents on Saturday and your camp site will be inspected for safety. Although this will be strictly an information session, helpful hints will be placed on our website (www.jota.ca) to help you with setting up your campsite. Last year we surveyed all participants and gathered great feedback. This year we are going to ask each of the leaders to survey their group and provide us a recap of their suggestions prior to leaving.
